of Grandma.

Ward had been her favorite grandchild, and she had never taken any pains to prettler baby, the more attractive as a hild, and the greater credit to the family during her teens; but Stephen, liscover the fact, had found the someship between the bright old lady and

mates but her own four brothers. With them she had climbed trees, played ball.

Stephen hated school. His young sister easily overtook him, jogged along beside him for a week or two, and then left him far behind on the path of knowledge. "Stephen's only ambition," one of his teachers reported, "is to escape with the others at four o'clock. When he ten't looking out of the window he is watching the clock, or drawing maps of the lumber roads north of town." "Isn't there a single study that he takes a little interest in?" asked Mrs.

He grew sensitive as well as tall, and

"But, Stephen," urged his mother.

a little girl herself. She understood girls, and preferred them to boys. She was a sweet, tender-hearted, self-sacrificing mother, and of course she loved Stephen; but she could not always see things from the boy's point of view. Try as she might, she could not imagine herself a 17-year-old boy.

Grandma Ward, on the other hand, was the mother of a large family of the course of the could not imagine herself a 17-year-old boy.

Grandma Ward, on the other hand, was the mother of a large family of the course of the course of the said that he had gone to wat and had hunted tigers and killed lions with one blow of his trunk, says the New York Heraid.
